AVID Information

What is AVID?

AVID (Advancement Via Individual Determination) is an evidenced-based program of skill building and support for students that develops them as critically engaged learners, enabling them to excel.

AVID builds ASPIRATION and CONFIDENCE in students by engaging them in a challenging and rigorous student-focused curriculum.

The AVID Curriculum.

The AVID Curriculum is founded on proven methodologies based on Writing to learn; Emphasis on Inquiry; Collaborative Approach and Critical Reading and Organization. (WICOR)

AVID Introduction is delivered by our teachers who have trained as AVID teachers in the best use of effective strategies of instruction and best practices in building the aspirations of students.

Who is an AVID Student?

AVID students are students in the academic middle or above, capable of completing a pathway to university with support. These students often are not realizing their full potential academically. In the identification process a number of criteria are considered, including:

- Standardized test results (Naplan, On Demand etc.)
- School based results
- Citizenship
- Attendance
- Desire and Determination
- Special Circumstances
- Completion of Application and Interview Process

Should you require further detail regarding the AVID Program please contact David Veale or Dominic Snape on 9743 9211 during office hours.
