Kurunjang Secondary College's vision is to achieve success for our community through respect, responsibility, and collaboration.

Kurunjang Secondary College's objective is to be an exemplary and inclusive learning community fostering achievement and growth in learning. Collaboration and positive relationships are at the core of all our work.

At Kurunjang Secondary College we believe that it is critical that all students are provided with a sound environment in which to learn without the interruptions and distractions created by mobile phones and related devices. Research has found that such devices can be disruptive and open to misuse at school. The unregulated presence of mobile phones and related devices in classrooms can undermine students' capacity to think, learn, remember, pay attention, and regulate emotion.

At recess and lunchtime, opportunities for students to communicate with each other face-to-face or be involved in physical activity are also valued.

### PURPOSE

To explain to our school community the Department's and Kurunjang Secondary College's policy requirements and expectations relating to students using mobile phones, ear pods, headphones, [and other personal mobile devices including game gadgets] during school hours.

### SCOPE

This policy applies to:

1. All students at Kurunjang Secondary College and any other students undertaking courses, programs, classes, or visiting the college.
2. Students' personal mobile phones ear pods, headphones, [and other personal mobile devices including game gadgets] brought onto school premises during school hours, including recess, and lunchtime.

## DEFINITIONS

For the purpose of this policy, “**mobile phone**” refers to mobile phones and any device with access to a cellular (telecommunications) system, with or without a physical connection to a network.

“**At own risk**” refers to all property brought on premises being the sole responsibility of the owner. Kurunjang Secondary College does not accept responsibility for the loss or theft of personal property.

## POLICY

Kurunjang Secondary College understands that students may bring a personal mobile phone and other such devices to school, particularly if they are travelling independently to and from school.

Kurunjang Secondary College: **expects that students will store their devices in their lockers and ensure that the lock is firmly secured and locked.**

- Students who choose to bring mobile phones and other smart devices, including game gadgets to school must have them switched off and securely stored in their lockers during school hours
- Students are not permitted to use their mobile phones or wearable devices to call parents/carer/guardians to collect them early from school or notify them of an issue. Please follow the Attendance Policy and Early Departure Procedures where this is necessary. All unwell students must speak to their House Co-ordinator/Assistant Principal to attend Sick Bay and the First Aid Officer will contact the families.
- Exceptions to this policy may be applied if certain conditions are met (see below for further information)
- When emergencies occur, parents or Carers can reach their child by calling the college’s General Office and we will facilitate communication and support.
- Any external agency working with a student and wishing to speak with the student must contact the General Office and seek approval from relevant leaders. Where appropriate to do so, the student will take the call or return the call under the supervision of relevant staff.

## Personal mobile phone use

In accordance with the Department's [Mobile Phones — Student Use Policy](#) issued by the Minister for Education, personal mobile phones and all other smart devices including game gadgets must not be used at Kurunjang Secondary College during school hours, including lunchtime and recess, unless an exception has been granted.

Where a student has been granted an exception, the student must use their mobile phone or device for the purpose for which the exception was granted, and in a safe, ethical, and responsible manner in the presence of a relevant House Assistant Principal or Co-ordinator.

## Secure storage

Mobile phones and other devices owned by students at Kurunjang Secondary College are considered valuable items and are brought to school at the owner's (student's or parent/carer's) risk. Students are encouraged not to bring a mobile phone or other devices to school unless there is a compelling reason to do so. **Please note** that Kurunjang Secondary College **does not** have accident insurance for accidental property damage or theft. Property brought to school is at **owner's risk**. Students and their parents/carers are encouraged to obtain appropriate insurance for valuable items. Refer to the Department's [Claims for Property Damage and Medical Expenses policy](#).

Where students bring a mobile phone or any other smart device including game gadgets to school, Kurunjang Secondary College will provide secure storage in the form of student lockers. Secure storage is storage that cannot be readily accessed by those without permission to do so. **It is the student's responsibility to firmly secure the lock provided.** In addition, secure storage will be made available in each House Office for confiscated devices.

Students from other schools attending the college for VET classes will be required to submit their phones and devices to the teacher/RTO for secure storage in the VET/VCAL staff office or lockers provided in the Electro-Technology building.
