

KURUNJANG SECODNARY COLLEGE FIRST AID POLICY

Help for non-English speakers

If you need help to understand the information in this policy, please contact Kurunjang Secondary College on **9743 9211**

PURPOSE

To ensure the school community understands our school's approach to first aid for students.

SCOPE

First aid for anaphylaxis and asthma are provided for in our:

- *Anaphylaxis Policy*
- *Asthma Policy*

POLICY

From time to time Kurunjang Secondary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The Principal will ensure that Kurunjang Secondary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Our school's trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training.

This list is reviewed on an annual basis as part of the annual review of our Emergency Management Plan]

First aid kits

Kurunjang Secondary College will maintain:

- A major first aid kit stored in the First Aid Room.
- Three portable first aid kits, which may be used for excursions, camps, or yard duty. The portable first aid kits will be stored in the General Office.
- The First Aid Officer will be responsible for maintaining all first aid kits.

Care for ill students

Students who are unwell should not attend school and the parent/carer contact the Attendance Officer notifying of absence due to illness.

If a student becomes unwell during the school day, they may be directed to First Aid Room/Sick Bay and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

First aid management

If there is a situation or incident, which occurs at school or a school activity, which requires first aid to be administered to a student:

- Staff who has been trained in first aid will administer first aid in accordance with their training. In an emergency, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact **Triple Zero "000"** for emergency medical services at any time.
- Staff may also contact **NURSE-ON-CALL (on 1300 60 60 24)** in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Kurunjang Secondary School will notify parents/carers by phone call and or email.
- If first aid is administered for a serious injury or condition, or in an emergency, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student Kurunjang Secondary College will:

- record the incident on CASES21
- if first aid was administered in a medical emergency, follow the Department’s [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department’s Incident Support and Operations Centre on 1800 126 126.

In accordance with guidance from the Department of Education and Training, analgesics, including paracetamol and aspirin, will not be stored at school, or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury.
