## **PURPOSE**

To explain to parents/carers how Kurunjang Secondary College will collect, use, and disclose photographs, video, and recordings of students, how parent/carer consent can be provided and how it can be withdrawn.

## **SCOPE**

This policy applies to the general collection, use and disclosure of photographs, video, and recordings (images) of students. It does not cover the use of Closed-Circuit Television (CCTV). The use of CCTV is covered in our school's CCTV policy.

## **POLICY**

This policy outlines the practices that Kurunjang Secondary College has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which Kurunjang Secondary College will seek parent/carer consent and how consent can be provided and/or withdrawn.

As a rule, use relates to images which are shared and distributed only within the college for school purposes (i.e., ID photos, Compass), whilst disclosure is used for images which are shared and distributed outside of the school staff and are available to other students, parents/carers, and the wider school community.

Kurunjang Secondary College will ensure that parents/carers are notified upon enrolment of the ways in which our school may use images of students. There are occasions during the school year where staff photograph, film or record students participating in school activities or events, for example classroom activities, sports events, concerts, excursions, and camps. We do this for reasons including to celebrate student participation and achievement, highlight learning programs, document a student's learning

journey/camps/excursions/sports events, communicate with our parents/carers and school community in newsletters, and social media.

Kurunjang Secondary College will use student images, appropriately and sensitively, consistent with our obligations under the Child Safe Standards and our Child Safety Policy. If at any time a parent/carer or student has a concern about the use of any images they should contact the Assistant Principal for Student and College Operations on **97439211**.

In addition to the processes outlined below, parents/carers can contact the Assistant Principal for Student and College Operations in writing by sending an email to [\*\*kurunjang.sc@education.vic.gov.au\*\*](mailto:kurunjang.sc@education.vic.gov.au) at any time to withdraw their consent for any future collection, use or disclosure of images of their child. However:

- if the images have already been published and are in the public domain, it may not be possible for consent to be withdrawn.
- There may be occasions when the school will record whole of school or large group events and make those recordings available to the school community through social media platforms, such as the school concert, speech nights, and sports events, and if your child participates, they may appear in these recordings which will be available to the whole school community.
- The school can still collect, use, and disclose images in circumstances where consent is not required (see below for more information).

**A Consent Form and Collection Notice will be distributed to parents/carers on enrolment.**

### **Official school photographs**

Each year, Kurunjang Secondary College will arrange for a professional photographer to take official school photographs of students. This may involve both class photos and individual photos being taken.

Official school photographs may be:

- purchased by parents/carers
- used for school identification cards
- stored on CASES21 for educational and administrative purposes.

Kurunjang Secondary College will notify parents/carers in advance of the official school photographs being taken.

Parents/carers who choose to opt-out of having their child participate in official school photographs must contact the Assistant Principal for Student and College Operations before the date photos are scheduled to be taken to advise that their child will not participate due to court orders and access restrictions. There is no obligation on any parent or carer to purchase any photographs taken.

When our school receives such requests Kurunjang Secondary College will:

- provide parents/carers with information about the organisation involved and when/for what purposes the photography, filming or recording will occur
- seek prior, express parent/carer consent in writing

### **Other external collection, use or disclosure**

- provide parents/carers with information about the event or activity, the organisation involved and when the photography, filming or recording will occur
- seek prior, express parent/carer consent in writing.

School performances, sporting events and other school approved activities

Kurunjang Secondary College requests that parents/carers, students and invited guests who photograph, film or record school activities only do so for their own personal use and do not publish the images in any form, including on social media, without the prior consent of persons whose children also appear in the images.

Neither the school nor the Department own or control any images of students taken by parents/carers, students, or their invited guests at school activities.

### **Images to manage student behaviour or fulfil our school's legal obligations**

On occasion it may be necessary for school staff to photograph, film or record students when necessary to:

- fulfil legal obligations, including to:
  - take reasonable steps to reduce the risk of foreseeable harm to students' staff and visitors (Duty of Care)
  - provide a safe and suitable workplace (Occupational Health and Safety Law)
- for identification purposes, when necessary to implement discipline and/or behaviour management policies.

Kurunjang Secondary College does not require or obtain consent from parents/carers or students to photograph, film or record students for these reasons. However, when Kurunjang Secondary College photographs, films, or records a student for any of these purposes, staff will only collect and use such images in a way that is reasonable and appropriate in the circumstances.

### **Staff use of personal devices**

- School staff may use their own personal devices to capture images of students for reasonable and legitimate educational purposes.
- in the school's communication, learning and teaching tools, for example, emails, classroom blogs or apps that can only be accessed by students, parents, or school staff with passwords e.g., Compass, or Teams.
